CHAPTER 10 -- GENERAL FISHING AND HUNTING REGULATIONS

10.1 SECTION 1: PROJECT CONTROL

10.1.1 No research, fact-finding, demonstration or pilot project affecting, or potentially affecting the fish resources of the Reservation shall be conducted without authorization by the Tribal Council.

10.1.2 No research, fact gathering, demonstrations or pilot project affecting, or potentially affecting the wildlife or the hunting or trapping thereof, shall be carried on within the exterior boundaries of the Reservation without authorization by the Tribal Council.

10.2 SECTION 2: CLOSURES

10.2.1 No issuance of a license nor any of the provisions of this Code shall be construed to limit the power of the Tribal Council to close the Reservation or treaty protected waters of Lake Superior, or any portions of either area, for fishing, hunting, or trapping in the interests of conservation, to either members or non-members.

10.2.2 Nor shall any such issuance or provisions be construed to limit the power of the Conservation Commission to issue emergency closure orders.

10.3 SECTION 3: HOOK AND LINE FISHING ON LAKE SUPERIOR
(6-02-03F)

10.3.1 Authority and Purpose:

 a) This ordinance is enacted pursuant to Article VI, section p of the Red Cliff Constitution.

 b) The purpose of this ordinance is to govern hook and line fishing on the waters of Lake Superior.

10.3.2 General Provisions:

 a) No tribal member shall fish the waters of Lake

Superior, pursuant to this ordinance, without possessing their tribal identification card.

- b) "Hook and line fishing" means fishing with a rod and reel or similar device such as a hand held line, and includes trolling.
- c) No person may use more than thirty (30) attended or unattended lines while hook and line fishing on Lake Superior.
- d) No person may fish in a refuge, as described later in this section, or other area closed by order of the Red Cliff Tribal Council.
- e) No member may take the catch of a non-member while actively fishing.

10.3.3 Unattended Lines:

- a) All unattended lines shall have attached a single iron hook with a maximum $\frac{1}{2}$ inch point to shank gape.
- b) All unattended lines shall be securely anchored so as not to be dislodged by a hooked fish.
- c) All unattended lines shall be tagged by the fisherperson with a tag that states Red Cliff, and the fisherperson's tribal identification number.
- d) Each unattended line shall be checked at least once every 24 hours unless severe weather conditions render it impractical to do so.

10.3.4 Ice Fishing:

- a) No person shall ice fish by the use of hook and line through a hole larger than 12 inches in diameter.
- b) No person shall place, maintain or use a house or other enclosure for ice fishing, and leave said ice

fishing enclosure unattended for more than 12 hours, unless the owner's name and address is clearly displayed on the outside of the house.

- c) No member shall fail to remove an ice fishing house or other enclosure on or before March 15, except that portable shelters may be used while ice fishing after that date provided the portable shelter is not unattended while on the ice.
